Work Experience

Position: Product Designer
Company: Xypher (NFT Generator)
Duration: April 2022 – Present

- Built an industry-leading brand, collaborated with other designers as well as bringing My own innovative designs to life.
- Partnered with engineering, product, strategy, and others to define and drive product strategy.
- Worked across all facets of design: research, wireframing, visual design, interaction design, and prototyping.
- Understood the technical limitations and liberties behind decisions and came up with the skill to communicate rational design decisions to major stakeholders.
- Understood and carried out web and mobile designs .
- Made rational design decisions that stakeholders clearly articulated.
- Refined My work through rigorous iteration.

Position: Product Designer
Company: Lassod Consulting Limited , USA
Duration: Feb 2022 – April 2022

- Communicated with product managers and UX designers to translate project requirements and business objectives into polished user interfaces
- Improved and expanded project platforms using JavaScript to develop rich User Interfaces.
- Collaborated with teammates to deliver valuable features meeting business and customer needs.
- Evaluated user research to convert abstract ideas and requirements into planning tools such as journey maps, user personas and storyboards.

Position: User Experience Designer/UX writer
Company: Ez- Exchange (Crypto Retail Solution) (Contract)
Duration: 6 Months

- Designed and Developed Application UIs via emerging Design Technologies such as Figma, Adobe XD, Zeplin, FigJam etc.
- Conducted research by interviewing users, external customers and various stakeholders.
- Engineered prototypes to support research and usability testing.
- Devised site maps, user flows, wireframes and mock-ups for designs based on proven methodologies, stakeholder requests and end-user feedback.
- Utilized Google Analytics to monitor websites and other digital content and recommended strategies and updated channels to improve performance.
- Came up with Converting copies for web designs.
